Definitions

1. *Population Served* — Population according to the 1980 Census for all but district libraries. The latter provided population figures for their service areas.
2. *Nonresident Fee* — Shown is the fee charged per family per year for use of this library. If no family fee is reported, individual fee is shown. If no individual fee is reported, the greater of student or other fee is shown.
3. *Total Transactions* — The total direct circulation of all materials to library users. Includes interlibrary loans received from other libraries and reciprocal borrowing.
4. *Total Staff in FTE* — Figured on the basis of 40 hour week. Includes pages but not CETA employees, others who were not paid by the library, or maintenance staff.
5. *Equalized Assessed Valuation* — Equalized assessed valuation of real property reported in thousands of dollars. Information is taken from the abstracts on file with the Illinois Department of Revenue for the 1981 assessment year.
6. *Tax Rate* — Should be interpreted as follows: a tax rate of 0.12 is equal to 12 cents per \$100 of assessed valuation. Information is taken from the abstracts on file with the Illinois Department of Revenue for the 1981 assessment year.
7. *Local Government Receipts* — The amount of revenue received by the library from local government sources during the 1982-83 fiscal year. Does not include working balance from previous year, income from tax anticipation warrants, revenue sharing, proceeds of a bond issue, or the monetary value of services provided free by the local government (e.g., rent or janitorial services). Does include all local taxes received, including both current and back taxes. Note that the receipts reported here include those from taxes levied over and above those for direct library service (e.g., audit taxes, social security taxes, and election fund taxes). Includes income in the year in which the money is received.
8. *Total Receipts* — The total amount of money received by the library from all sources during the 1982-83 fiscal year, including state aid, revenue sharing, receipts for capital expenditures, gifts, etc. Does not include the working balance from the previous year, income from tax anticipation warrants, or the monetary value of services provided by the local government. Also excludes income (e.g., endowment monies) given directly to the Friends of the Library group instead of the library.
9. *Expenditures for Wages and Salaries* — Includes wages and salaries paid to all staff except maintenance personnel. Includes fringe benefits such as the library's contribution for insurance, social security, and Illinois Municipal Retirement Fund.
10. *Print Expenditures* — Includes expenditures for books, periodicals, microforms, and other printed materials.
11. *Audiovisual Expenditures* — Includes expenditures for audiovisual and all other non-print materials.
12. *Total Operating Expenditures* — Includes expenditures for wages and salaries for all employees, including fringe benefits; for library materials, for supplies, for binding and rebinding, for plant operation and maintenance, and for all other current operating costs.
13. *Total Expenditures* — Total operating expenditures plus capital outlay for sites, buildings, construction, or remodeling, and purchase of vehicles and other major fixed assets.
